**FLOWELL PNEUMATICS PVT LTD** provides the complete compressed air piping solution with excellent operational efficiency and perfect suitability for various industrial applications at competitive cost.

**FLOWELL** piping system stays ahead in competition when it comes to reliability, rigidity, quality and durability. Our system is modular and corrosion free, it meets the highest industrial standards and has 10 years warranty.

**FLOWELL** solid metal piping system offers you simple design and substantial strength which ensures easy installation. It is an excellent choice for compressed air/vacuum and inert gases for distribution up to 16 bar/-0.87 bar operating pressure in the temperature range -20°C to 75°C.

The smoother interior construction of extruded aluminium pipe 6063-T6 and SS-304/316-L seamless pipe has low coefficient of friction and full bore fittings which minimizes the pressure loss and provide best laminar flow & leak free connections are preventing air loss/wastage.

ISO 9001:2015

CE CONFORMITY  
FPPL Products Conform the CE  
to maintain the required level of safety.

FPPL Products Meet The Requirements of  
ASME B31.3 Standard

PATENTED SEALING

10 YEARS WARRANTY FOR  
GEM / ACE / ACE+ RANGES

FPPL PRODUCTS ARE  
FIRE RESISTANT

**Flowell Pneumatics Pvt. Ltd.**, has introduced three range of compressed air & inert gas piping systems.

**GEM** – Aluminum Pipes with SS 202 fittings for General Industrial applications.

**ACE** – SS 304 Pipes with SS304 fittings for Food and Beverage applications.

**ACE Plus** – SS 316L Pipes & SS 316L fittings specially for Pharmaceutical applications.
